Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This structure is one story and has a flat roof with an overhanging eave. It has 3 bays; the facade windows are metal frame and the door is hollow wood. Resting atop a brick foundation, the northern elevation has asbestos shingles, whereas the facade is made of vertical wood planks. New construction to the south elevation includes a small mobile home unit that serves as office space. The temporary structure, resting on concrete block piers, is one story high, covered with vinyl siding and has a metal pent roof. The windows are single lights surrounded by metal frames. The entire unit is 5 bays with a small hallway connecting the two buildings. A large metal and neon sign rests firmly atop the older structure. It is the familiar Lustine trademark.

Prepare both a summary paragraph of significance and a general statement of history and support.

Since the 1930s the property has been home to Lustine's Used Cars. The site is designated as such as early as the 1933 Sanborn Fire Insurance Map. In 1939 an older structure occupied the site complete with large advertisements. Due to the continued expansion of the Lustine empire, temporary buildings now cover the site, however most vacant space is delegated to parking area for second hand automobiles.
